I wish it were up to me to fix this. It would be done this AM. This is City maintenance area north of Manchester. The BID has requested that the City Council Office initiate a contract with the BID to perform this service and the person replacing Jim Kennedy (Nate Kaplan) and Arturo Pina are working on it. I'll forward this to Arturo & Nate hoping they can get it fixed. Thanks  
Barbara.

Good Morning,

Yesterday the sprinkler on the median between 83<sup>rd</sup> and 80<sup>th</sup> St was sprinkling from 3:30pm when I first saw it. At 7pm it was still going. I was going to let you know what hours in the City of LA we can water. The days are Monday and Thursday before 9am and after 4 pm. I didn't want someone jumping down on you. There are water police out there somewhere fining those who water at the wrong time. Obviously something is wrong with the timer for that area.
